

Hand Sanitiser & Soap in one!

Be twice as sure when you wash your hands that you're achieving a hygienic result. Now it's possible to wash and sanitise at the same time!

Kills 99.99% of germs

Independently approved as a hygienic and surgical hand wash

Sanitises the areas often missed by even the most vigilant hand washing

Works in just 15 seconds!

Clean rinsing with a fresh after feel. A pleasure to use!

Contains moisturisers to help prevent hands drying

Antibacterial soaps usually require the user to rub onto their hands for at least 60 seconds before washing off to activate the antibacterial agents. D-Germ Hand Wash contains a sanitiser that kills the germs instantly!

Sizes to suit your application:

500ml	Desktop bottle
1.2 litre	Wall dispenser
2.5 litre	Refill bottle
10 litre	Refill bottle

Apply to dry hands, rub together for 15 seconds and rinse under water (can be wiped off with a clean towel if water not available).
